

# CALL FOR PAPERS

## Coking Safety and Reliability Seminar

Moody Gardens Hotel • Galveston, TX May 2-3, 2012

*Why give a paper?* Be one of the movers and shakers.  
Give back to your industry.  
Gain recognition for yourself and your company,  
and if you are a vendor then for your product or service too.

*What have you done in the last year or two that could benefit our industry?*

Share a near miss so that others might avoid the same risk.  
Tell the Coking or CatCracking Community how you are achieving  
More Production with Less Risk.

*"I've been talking to people about some pretty cool stuff, but I know there's more that we haven't heard about yet. The seminar has always been a great place to share ideas and success stories. Vendors, how about having an operator or engineer give the 30 minute presentation with you? Refiners, think about giving a 5 to 10 minute update or sharing a story about a project or near miss."*

*-Gary Pitman*
